General Team info Names, age, interesting fact, who is captain? General info on the team and route to final	<p>The squad are coached by Graham Atkinson who Squad Captain Lucas describes as 'Muswell Hill's answer to Conte'. The team recently represented Haringey at the London Youth Games for the second successive year. The squad made it through to the finals at Hotspur Way after a slightly nervous penalty shoot-out but then sailed through the finals to represent THFC at North London against rivals Chelsea.</p> <p>The squad is a strong outfit having played together for 2 years now and they all know each other like the back of their hands. Captain Lucas leads the team from the back and considers himself the Marcelo of the team, with his power house in the middle, Uriel, who they describe as Roy Keane. The team are entertained by team DJ Joey and the comedians of the team Bonnie and 'keeper' Luca; the flair is bought to the team by Junior who the rest of the squad think best represents Neymar. Daniel and Aaron complete the squad; they are the quietest members but are both really solid and always get the job done.</p> <p>The squad are looking forward to the chance to play at Stamford Bridge and are focused on bringing the Trophy back to Muswell Hill as it's their final tournament as a squad.</p>
