

Lunchtime Video Production club!

12 weeks of ICT fun with Ben.

In Video Production Club the children will be learning how to use different recording equipment. This includes how to record with camcorders, take stills and how to record audio.

They will also learn how to produce and edit their own video.

The main task of the club is for the children to create a new school video.

We will be using four different types of cameras, all handheld and easy to use. We will be using Windows movie maker. First learning the basics of the software and then moving onto different techniques that can be used. We will also be learning to write up scripts and questionnaires for use of video production.

We are starting a new lunchtime Club for ICT after Easter.

There will be two lunchtime clubs, one for Years 3 & 4 on a Thursday and one for Years 5 & 6 on a Tuesday.

Each session will be 30mins and the cost will be £36 for 12 weeks.

The classes will be very small just 8 per session, so as spaces are limited please sign up quickly to avoid disappointment.
