

## KS2 SATS Feedback 2017

My child told me this morning that SATs week had been his 'second best week at MHPS' (second to the Isle of Wight). After the first day he's not really been stressed by the SATs at all and has really enjoyed the week. Well done to your Year 6 team of teachers and Mr Howes, they've obviously organised a whole rota of stress-relieving and fun activities!

*(Year 6 Parent)*

I just wanted to feedback on the year 6 team handling of SATs which was exemplary. My son XXX came home each day and said how much fun he'd had. He loved the special breakfasts, well thought out games, treats and even the SATs themselves! In fact, he said it was the best week ever at school. (And I know he's not the only one).

I feel he's been really well prepared and showed no sign of anxiety or nervousness. He wants to do his best for himself and the school and went into this week with a positive frame of mind and happy. I really feel Rhiannon and Mr Howes have put the kids first in what must be a stressful week for them (the teachers that is!)

Over the last three months the workload has been heavier of course, but building up confidence and knowledge admirably all the while for the week itself.

XXX said how much he'd grown up this week and when I queried it he said 'I've grown up mentally'. Speaks for itself! I've noticed he's that much more mature, eloquent and confident about himself. So a huge thanks to you and your fantastic year 6 team. I know they'll all be having a well-deserved morning at the cinema – typical of MH Primary to top this week off with a wonderful treat for the kids.

Thanks again,  
(Year 6 Parent)

I wanted to thank you and the whole of the year 6 teaching team for the way Muswell Hill Primary handled the KS2 SATs this year. My son said it was one of his favourite weeks of the whole school year. He loved the croissants in the morning, playing in the Grove in the afternoon and the special cinema trip laid on for them as a treat the day after they finished! I was so impressed by the care and attention that the school paid, not just to the children's academic success, but to their pastoral care around SATs week too. The mindfulness and yoga sessions helped them to relax and the extra playtime sessions allowed them to let off steam after each test. I thought that a huge amount of time and effort was put into ensuring that what could have been a stressful week for the children turned out to be a very positive experience.

Thanks again,  
*(Year 6 Parent)*
