

## Table Tennis Tournament 7.11.17

First our terrific team started with doing some keepy ups between them while the other schools kicked off.

Daniel starts off in seed one, Alex seed two, Lewis seed three and lastly Jasper in seed four! They all do fantastic to start off! Thankfully all our fabulous team thrashed their opponents who were from North Haringey. We're playing them again now and we win again! All winning by a huge amount!

We take a small break and then get back into the action against Coldfall! Lewis sadly lost his game however all our other teammates won with Daniel winning narrowly. We competed against them again with two of our team losing and two winning, seems like Coldfall are tough competition. Next we played Earlham and all won our first games winning by a margin. We played them again and all of our players beat them! Rival team now, we're up against Roads Avenue. Everyone won apart from Daniel who lost 13 – 12. We play them one more time and sadly who of our players lost.

We got through to the semi finals however and we are now playing against Highgate! All of our players beat them once again, will we beat them again? Yes we will! All of played outstandingly in the next round!

We're through to the final and are playing against Coldfall for a second time... We lose three of our games against them. (Jasper winning one of the games for us) Sadly we lost in two round and won one.
