

Dear James,

Our foursquare lines are fading and there's surely no doubt we can't play foursquare like this!" I'm sure you'll agree that we must repaint our foursquare lines, because we simply can't live like this, and imagine how happy we'll be with a new colourful line for foursquare.

Thank you for listening

Dear James

please can you re-paint our lines in the playground because people are walking into our amazing square games and they don't like it. And you can't line up straight. There no doubt it will make everything better. I'm sure you'll agree. I strongly believe you will do it. Also the parents walk into our line. And they don't know where our line is. so please can you do this.

Best regards Brandon

Dear James,

In the playground our lines that we line up on has no paint. There is no doubt that were going to be able to line up and do straight lines so I'm sure you'll agree that we should have the lines re-painted. With 4 square our lines have faded away so we would be super happy if you would paint our lines. I strongly believe that you can find people to re-paint it. Georgia tried to do it with chalk but when ever it rains it disappears.

Regards
Bea.

Dear Emerald Class,

Re. Your persuasive writing

This is a very short letter in response to a lot of fantastic English writing where you were asking for the playground markings, particularly the 4-Square boards, to be re-painted.

On looking over your work I spoke to our Staff Parent Association and together we arranged funding to complete the work. We then spoke to 3 contractors who each said how much they would charge and showed us their designs.

The works took place over the past week and I am writing to you now to say that I hope you like the results.

Persuasion is extremely powerful.

Well done. You did a great job for all the children both now and in the future.

Yours sincerely,
