17 April 2020

Dear Parents and Carers,

We do hope you continue to stay well and have managed, over the last two weeks, to try to create some sense of a break from home schooling.

We have attached five slides summarising some of the support available in Haringey and from Public Health England during this time, which you may find useful.

From Monday 20th April, the children's work will be on the website under their 'Classes' tab as previously. **Look out for week 3.**

Please remember, the children will be asked each week to send back a piece of work via their year group email – we have attached a reminder of the addresses to use.

If you aren't clear about anything, don't hesitate to drop us an email or call the school between 10am and 2pm.

Next Wednesday (22 April) is Earth Day and the Muswell Hill Sustainability Group have a message and an activity for the children to do if they'd like to, please see below.

Many people have taken the opportunity during lockdown to take stock of life and the world around them. To build on that for children we will be creating weekly fun tasks regarding the environment and climate change in the new term. We are kicking off with something to mark Earth Day on 22nd April: - <https://mhsgroup.org/2020/04/earth-day-posters/>

Many thanks to those who have completed the online Parent and Children's Surveys – 75 parents and 66 children so far. Please do take some time to complete these surveys – the links have been sent to you in the last two weeks – the feedback is essential for the school.

Finally, there is currently a lot of speculation about schools opening again. Please be reassured we won't be taking any steps to reopen until we know it is safe for both the children and the staff to return.

Stay well,
Mandi
